

Art. No: **HP4040**

Entrance stair for groundcabbin/baracks 40cm

In our popular design we offer entrance stairs for groundcabbins/baracks in 1,2 or 3 steps.

Non-slip design and width makes you access safe and easy to the cabins

Stable entrance with handrails that can be screwed to the wall.

 Easy to assemble on the barracks using included hook-on attachments HP4001, screwed to the wall c-c 980mm

 Adjustable feet with heavy-duty trapezoidal treads that will stand through rough handling on site.

 Platform size 120x100cm gives the door a bigger opening angle for easy access.

 Hot dip galvanized

 Stairstep size 1220x20cm

 Serves heights about 29-45cm

 Attachments:
HP4001 Hook-on attachment (included)
HP4002 U-attachment, for barracks with their own hooks on.
